

# St. Charles Westbank Multiuse Path

*St. Charles Parish, Louisiana*

## Summary:

The St. Charles West Bank Bike Path will be located on the Mississippi River levee between Davis Drive in Luling and Elm Street in Hahnville. It is considered part of the Mississippi River Trail in Louisiana and was designed and engineered by the Corp of Engineers. The project is shovel ready. It will serve the upriver community helping to connect locals and visitors to the Mississippi River. The estimated project cost is \$1.0 million.

## Benefits:

- Facilitates Alternative Transportation in Auto Dependent Area
- Connects St. Charles West Bank to larger MRT system of routes
- Supports Sustainability Goals Post-Katrina
- Provides New Connectivity to Local Jobs
